TO EMPOWER
GROWTH.

Who is TCA?

We are a Latin-American software company. Since our foundation in 1982, we have been focused on being a strategic technology partner to our clients in the Retail, Healthcare, and Hospitality industries, empowering them to take control of their businesses and to achieve desired growth through our products and services.

We build industry-specific, end-to-end business software along with services that are developed and deployed based on deep technological and business specialization to meet operational and financial needs.

WHY TCA ?

TCA Retail:

At TCA Retail, we believe your customer's satisfaction is a priority, and to achieve that, your business must be prepared. In order to aid your sustainable growth, we develop specialized software applications and services to simplify the complexity of today's supply chain, specifically in the wholesale, distribution, and store operations, allowing our clients to have a bet-

ter inventory management, supplier relationship management, customer relationship management, product & price management for consumer and industrial goods, point of sales for different kind of stores, demand forecasting, and accounting and finance.

TCA Retail at a glance

Service-oriented

Services

We generate long-lasting relationships with our clients, by becoming strategic technology partners.

Extract the full potential of our technology

We are committed and obsessed with generating successful and high-quality technology projects to help our clients materialize their strategic business vision.

Our services are managed by people with deep industry, business, and technology

expertise so that our customers can get the most out of the software applications, optimize the value of their investment, and maximize their performance.

Installation & training

Project and software are uniquely configured to specific customers' needs through a distance, on-site, or hybrid implementation process.

Application Support & Maintenance

Helpdesk support to help our customers to have an uninterrupted operation through our software products. 24/7 multilingual service with technicians that understand the in-depths of the business operation.

Account Managing & Consulting

Consultants with deep knowledge in products and industry business are assigned to each account to help customers improve and maximize productivity by taking advantage of the full potential of TCA solutions.

Cloud Support

Cloud managed services that include: resources management, monitoring, information security, back-ups, and infrastructure restore management.

We have gained the trust of great players of the Retail industry, by helping them solve their business challenges through technology, and increasing their possibility of building industry-defining companies.

TCA Retail: Some of our customers

To stand out in the Retail industry, businesses need to push boundaries to be at the forefront of the ever-evolving customer expectations.

At TCA Retail, we are committed to delivering innovative, accessible, specialized software applications and services that enable better customer experiences and more efficient and profitable businesses.
